

# GET IN SHAPE

*This is the twenty-seventh message from the Financial Services Council about the financial advice regime. The FSC's goal is to highlight key things you need to know about the Financial Markets Conduct Act (FMCA), its regulations and the Code of Professional Conduct for Financial Advice as well as other financial services legislation. For more information, visit the [Professional Advice Knowledge Hub](#).*

## And we're live!

In our previous message, we summarised the obligations that are now in force. We recommend that you review that message carefully, and ensure you comply with the obligations.

## Time for FAPs to engage financial advisers

If you hold a licence as a financial advice provider, or you run an authorised body, now is the time to get your FAP linked with your financial advisers on the FSPR.

The Companies Office produced a handy page and an excellent video to show you how to do this: <https://fsp-register.companiesoffice.govt.nz/help-centre/registering-a-financial-service-provider-fsp/rules-of-engagement-for-financial-advisers/>

We recommend you get this done over the next few weeks (or do it now, and then it's done).

### Further details

You can find up-to-date information about FMCA, the code, disclosure, licensing, and fees and levies as well as the Get In Shape Advice webinars on the [Professional Advice Knowledge Hub](#).
